Foreword

THIS, the 1937 Tower, is a book of today. We have endeavored to depart from the conventionalism of former yearbooks by placing sole emphasis on the events of the past year and by refraining from the use of a traditional pattern.

No attempt has been made to divert your mind from the fact that this is a memory book of your past year in this institution. Our intention has been to "say it with pictures."

May the following pages provide for you memories of 1936-37.

Dedication

YOU, who have made the acquaintance of Mr. T. H. Cook, have accomplished one of the most worthwhile things of your campus career. You, who have not met him, may indeed count it a privilege to do so.

This gentleman has so enriched our College by his presence that anything printed in his praise is inadequate. Those intangible qualities, which so endear him to faculty and students, are not easily caught by camera or pen. Only good advice can be offered—get acquainted with Mr. T. H. Cook—he is truly a man worth knowing.

THIS is 1937, the one hundredth anniversary of the year in which Horace Mann assumed the office that gave him the opportunity to render as great service to his country as has been rendered by soldier, statesman or other citizen. He served youth, and by serving youth served men—and thus his nation and mankind.

You in this College are challenged to a similar service when you leave its halls. Not as spectacular, perhaps—maybe not as remunerative as some other work which one may do, education offers opportunity unexcelled if you want to help mankind to a higher plane of living. And that means a happier, fuller life for you.

To those who go out this year, and to those who stay with us, may we commend a study of the life and work of Horace Mann as an example of unselfish devotion to the cause of a better America.

THE Green and White Peppers "swing it," The famous (?) college dance band (the editor doesn't approve of that question mark), Looks like lots of the "fellers" feel at home in these clothes, How do you like the array of "M" club chests? Residence Hall "gals" posed for this picture for a week, This is another type of "swing" that's popular on the campus, Everybody loves a band,—yes, a band, More unfortunates, There's something about a soldier, "Jelled" is the only word for it, Showing off again.

OUR campus is still graced by the presence of several of the leading "personalities" of this performance. Easily recognized are Rosalyn Venrick (hardboiled "policeman"), Clara Ellen Wolfe (the "well-poised" policeman), Virgil Woodside (Major-General), Martha May Holmes (Ruth), Bill Somerville (Sergeant) and Mynatt Breidenthal (Pirate King).

Pirates of Penzance

(Pssst—Planck is trying to look nonchallant for this one!)

Hi, Simerly, and everyone else in this picture.

Bovard says that two in the hand is worth a dozen on the string.

—Our President—

Our M. D. practices what he preaches.

"Playboy"—Ike Howell.

Wade! Naughty, Naughty!!!

I don't believe a word of 'it', "Hoss."

That's right, Robinson . . . Smile.

11-ft. 6-in. Pardon—6-ft. 11-in.

Western is really making those freshmen hustle.

(Maybe Ike doesn't want to button for the camera man.)

Part of the annual freshmen parade.

—and here also.

"Button—1, 2, 3—

Looks natural, doesn't she?

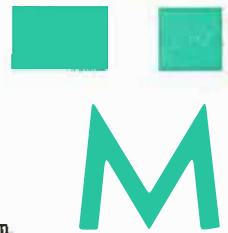

Oh boy! Some swell rear views.

I guess Ike has changed his mind about buttoning.

"Slack" Yates and—well, I don't see anything slack about the other one, do you?

 Must be a "gigolo."
 "Fresh in" from the West, (Redding, Iowa).
 May I open the door, please?
 Ummm—nice profile—
 The long and the short of it.
 Be sure to pick out corners—for this.
 That much-traveled drive.
 "How do we look?"

Picture taken at a post-season date.
About "3 in a hill," I guess.
Looks like a south wind from here.
Looks like brotherly love.
"It pays to advertise."
"Oh boy! The water's fine."

The parking lot.
—fond memories, of thy rounded bod—Remember?
"Boy! What a wind!"
Hello, up there—you too on the smokestack.
"And now I pronounce you—"

Residence Hall

The big brick building surrounded by pines.

Holds a wealth of college memories for the hundred and fifty girls who make it their home.

Activities include dances, teas, receptions, faculty dinners, cozies, pajama breakfasts, and after-hour feeds.

Favorite song:

"Our college life is a dream life,
And our college days are dreams,
As we study and play through the long happy days
In a miniature world—so it seems;
But there soon comes at time for a real life
And the end of our care-free days,
So be gay while you may;
They will soon pass away—
Those dreamy, college days."

Music

Music, father of the best that is in men, is becoming more and more important in our college life. Not only are the several organizations sponsored by the Music Department a source of great inspiration, much pleasure, and regular recreation to those who participate as members, but their excellent work is enjoyed far and wide. Due to the great demand for its services, both on and off the campus, the department is kept exceedingly busy. Consider for example, a very incomplete list of its activities from March 15 to May 15, to take a two month period this year.

Full concerts in some cases, incidental programs in others, were given at Parnell, Barnard, Guilford, Liberty, Excelsior Springs, Maysville, Harmony high, Daleview high, Westboro, Mound City, Maryville high and Rotary Club; and in Iowa at Glenwood, Villisca, Corning and Shenandoah. In addition there was a total of five broadcasts over WOW, Omaha; KFEQ, St. Joseph; and KMA, Shenandoah. Furthermore the department sponsored the Northwest Missouri College District Music Contests, sponsored the Nodaway County High School and grade choruses, furnished judges for several other smaller district contests, gave several lectures to music and civic clubs, and presented a college assembly program of music.

Finally, and certainly not least, the Music Department presented a May Festival of extensive proportions, involving several evenings, the presentation of which included a Mendelssohn Oratorio, a Beethoven Concerto, a Haydn Symphony and many other gems of the world's greatest music.

Only through the cooperation of the administration of the other departments of the College, and of the students concerned, has it been possible for the Music Department to carry successfully such a tremendous program while operating its regular College classwork.

"Pirates of Penzance"

Was it Mrs. Miller, the wife of our Dean, who said she enjoyed our own College performance of the famous "Pirates of Penzance" more than that of a well-known professional company she had seen previously in Chicago? Under the direction of La Verne E. Irvine, Chairman of the Conservatory of Music, who conducted the performance, assisted by Miss Helen Haggerty, head of the Department of Physical Education, and Dr. Joseph P. Kelly, Director of Dramatics, this popular Gilbert and Sullivan Opera, the first of its kind to be given on our campus in several years, proved to be a huge success.

Athletics

Coach E. A. Davis

Coach E. A. "Lefty" Davis, chairman of the department of physical education and instructor in football, has coached at the College since 1927. Coach Davis came to Maryville in 1927, about the middle of the football season, and has made a very good record since that time.

Mr. Davis is an undergraduate of Kentucky University and Phillips University and played football, baseball and was a track man at those schools. For the past three years he has been attending summer school and has nearly completed his Master's degree.

Upon graduation from school, Coach Davis took up professional baseball for a living, but when he failed to become a regular with the St. Louis Browns, he turned to coaching.

He coached football at Missouri Wesleyan for six years and produced five championship teams and one runner-up. In 1924 he was coach of football, baseball and basket ball at McKendry College. The McKendry football, basket ball and baseball teams were undefeated in 1924. Next Mr. Davis went to Centenary and in 1925, he produced a conference winner in football there.

Coach Davis has coached one M. I. A. A. championship team and four runner-up teams.

Coach Wilbur Stalcup

Wilbur Stalcup, youthful Bearcat basket ball and track mentor, has completed his fourth year on the coaching staff of his Alma Mater.

Mr. Stalcup came to Maryville from Oregon high school where he was a member of one of the best basket ball teams ever produced in a Missouri high school. While in College he lettered four years in basket ball, three in football and four in track. In 1932 Stalcup was chosen on several all-American basket ball teams, after the Bearcats had competed in the finals of the national tournament.

After graduating from College, Mr. Stalcup spent a year in Jackson, Missouri, as coach of the high school. Since coming to Maryville he has had several good basket ball teams and has developed several outstanding basket ball men in the state.

His track teams have won the M. I. A. A. outdoor meet once, and have made good showings every year. Stalcup deserves credit for developing the greatest track man MSTC has ever had.

“M” Club

Honorary athletic organization.

Composed of men who have earned their letters in football, basket ball or track.

Purposes: To promote better competition and sportsmanship, to promote a spirit of unity among its members, and to establish a lasting memory among its members.

Club has sponsored the “Varsity Drag”; the high school track meet as part of the Spring Contests; and this year a banquet for its new members to be held as an annual affair.

Football

Starting on what seemed to be one of the most successful seasons in the past few years, the Bearcats won their first four games with a powerful display of football talent. Hard luck featured their next contest with Rolla, who played their best game of the season. The final score was a tie.

In the Cape Girardeau battle the Bearcats started down hill and lost. They lost not only the Indian game, but every other encounter they played during the season.

Peru, Nebraska Teachers were the first victims of the Green and White warriors at the opening of the season. With the starting line-up dominated by freshmen, the Bearcats came home from Nebraska on the long end of a 24 to 8 score. "Doc" Yates played one of the best games of his career at Peru and made a start on what was to be his best year of football. His punting kept the bearcats "in the game" throughout the rest of the season.

St. Viators College of Bourbonnas, Illinois was the second victim of the rampant Bearcats. In beating this team, Maryville defeated the best team they faced during the season. The final score was 13 to 6.

After the two non-conference starts the Bearcats opened their conference play with Springfield as the rival and emerged the victor by a score of 13 to 0.

Central College of Fayette, Missouri, tried their hand at stopping the team that was becoming one of the highest rated teams in the state. They failed, losing to the Bearcats by a score of 21 to 0.

Rolla succeeded in stopping the Bearcats by tying the final score. After this game Maryville failed to win another contest the remainder of the year.

Cape Girardeau, Warrensburg, and Kirksville each won over the Bearcats. To finish the season Rockhurst College of Kansas City, who was doped to lose, won by a score of 13 to 6.

Basket Ball

Getting an early start in good shape and winning 13 of 17 games in the season and a tie for second place in the conference, with two men on the all-conference first team and one each on the second team and honorable mention list, is the fact story of the basket ball season for this year. However, the fact story tells none of the thrills the hard-fighting, smooth-working team produced. Neither does it tell of the game won from the Safeway Grocers of Denver, nor of the loss to the Stage Liners of Kansas City.

It was still football weather when the Bearcats stepped out to beat Peru in basket ball. For the first time in many years, the Bearcats wore long stockings on the court; they made the team one of the best-dressed around. A large crowd came to that game with the Nebraska Teachers—not because they thought it would be a close battle, but they wanted to see how the Bearcats would look later in the season and, most of all, to see Ike Howell, the 6 foot 10½ inch Georgia Giant. They were treated with the sight of Ike hitting four baskets in that first game.

It wasn't long until Captain Roy Brown had settled the fact that he was to be a great leader for the hard-fighting Maryville Basketeers; he finished the season one of the high scorers in the conference and was picked as an all-state forward. A far greater honor was given him when he was asked to play with the Santa Fe Trails in the National Tournament—an honor which he accepted.

Although the Bearcats were twice beaten in the conference, they evened the total with both Cape and Warrensburg, and came through the conference season with a record of eight victories and two losses to win second place in the MIAA.

In their games outside the conference, the Bearcats won five and lost two. They won from Peru, Pittsburg, Kansas Teachers, the Denver Safeways and two games from Rockhurst College. They lost once to Pittsburg and the Santa Fe Trails.

Track

The track and field teams of the Maryville Bearcats have the record of being undefeated for the past three seasons in dual competition.

This season the team has been led by Captain Herschel Neil, an ALL-AMERICAN, who holds the National Intercollegiate record in the hop-step-and-jump of 49 feet 7 inches, and several conference records, both indoor and outdoor.

Neil's indoor records in the M. I. A. A. are the following:

50-yard dash—6.2 seconds
440-yard dash—53 seconds
Broad Jump—22 feet 7½ inches

His outdoor records include:

100-yard dash—9.7 seconds
220-yard dash—21.8 seconds
Broad Jump—23 feet 3¼ inches

Last year Neil was a candidate for the Olympic team, but he was defeated in the finals in New York. He was placed on the All-American College track and field team for his record in the National Intercollegiate meet in Chicago. At the Kansas Relays he placed second in the 100-yard dash and a week later was one of the two double winners in the Drake Relays, winning the 100-yard dash and the hop-step-and-jump.

So far this spring the Maryville tracksters have won third place in the conference indoor meet with 28 points. They hope to keep their record for being undefeated in dual competition clean this year.

The Bearcats have dual meets with Peru, Nebraska Teachers, Wentworth Military Academy, Warrensburg, and St. Benedicts. With a group of promising freshmen out, there is little doubt that the Bearcats will be able to uphold their record.

Tennis

Much new material will be used to complete the 1937 tennis squad. Mr. Sayler will form this year's team about Sharp, Smith and Thompson, the only three members returning from last year's competition. The prospects scouted in pre-season form, leaves no doubt among S. T. C. fans as to the expected record of the forthcoming seasonal tennis team.

Golf

The return of last year's golf team for 1937 competition, will be an advantage that cannot be overlooked. With Holt, Rowan, Person and Zuchowski forming the nucleus for this season's squad, Maryville will enter all of its meets displaying a type of opposition that will be difficult to overcome. It is impossible to disclose the complete golf schedule, but it is very probable that Maryville will enter the St. Joseph Junior College, and the State meets.

Intramural Commission

"Trigger" Bell, the Arkansas gal, believes you can't paint the town red and feel in the pink afterwards.

Mary Turner's philosophy is that the girl who is as good as gold is practically out of circulation today.

Yes, Mary Ann, we still pronounce your name Bo-^o-vard and not Bovard'.

Everyone should read J. O. King's diary. It tells about his fear of some women. Hi, Venrick and Vance.

Allan Kelso: "Grandpa, were girls harder to kiss when you were young?"

Grandpa Kelso: "I reckon they were, but it wasn't near so dangerous. Old Dobbin never smashed into a tree just about the time you got puckered up."

Dick Shrout: "Ethel, I guess you've gone out with worse-looking fellows than I am, haven't you?"

(No answer.)

Dick: "I say, Ethel, I guess you've gone out with worse-looking fellows than I am, haven't you?"

Ethel Hester: "I heard you the first time. I was only trying to think."

SPRING FEVER

Monday: Too tired after week-end.

Tuesday: Can't get book from library.

Wednesday: Has date.

Thursday: Week-end approaches.

Friday: Week-end almost here.

Saturday: Week-end is here.

Sunday: Reads funny papers.

Bill Maloy: "Will you marry me in spite of my trouble?"

Mary E. Adams: "What is it?"

Bill: "Falling hair."

Mary E.: "You darling boy, to how much?"

Here's wishing the Campus Kids at the Dorm lots of luck next year. May they never be campused again.

Mr. Sifers: "The man who marries my daughter will get a prize."

The Ardent "Chub" Yates: "May I see it please?"

Dedicated to Eddie Gickling:

I cut my candles all in two,
Which startled all my friends;
They've only half as long, tis true,
But burn at all four ends.

WARNING TO BEGINNERS

On, son, beware the baby stare,
Sky-blue eyes, and golden hair.
Then of this girlie be afraid,
With fire-red hair and eyes of jade.
Beware the maid of mystery, too,
With eyes and hair of raven hue,
Oh, son! Oh, son! beware them all
Or you will have no jack at all.

Miss Lair: You don't read between
the lines enough. You are too literal.
John Liddle: I can't. It's half erased.

Rosie: The thorax is in the throat;
it is the organ of thought.

"Say, Surrey, what kind of a car are
you driving to college?"

"It's an R. F. D."

"Whaddye mean, R. F. D.?"

"Rescued from the Dump."

He ask her to wed,
But she only said,
"Go to father."
But she knew that he knew
That her father was dead;
And she knew that he knew
What a life he had led;
So she knew that he knew
What she meant when she said,
"Go to father."

He who laughs last has it explained
to him.

Captain Condon: (At the regular
Monday night drill.) "When I was a
little boy I had a set of wooden soldiers.
One day I lost those soldiers and I
cried very much. But my mother said:
'Never mind, some day you will get
your wooden soldiers back.' And be-
lieve me, you bunch of wooden-headed
dumbbells, that day has come."

Prof. Garrett: Is that your cigarette
stub?

Zeke Kious: Go ahead, you saw it
first.

Dr. Painter: Who is your favorite
author?

C. Carlton: My father.

Dr. Painter: What does he write?

C. Carlton: Checks.

So says the Stroller editor: This is a
good one, but we gotta graduate.

GET THIN EXERCISES

By Madam Skinen Bones

This group of exercises will also benefit those suffering from fallen arches, knock-knees, ingrowing toenails, prominent ears, and dandruff if they are regularly forgotten each morning for six weeks.

1. Stand on both feet—relax facial muscles, direct eyes toward end of nose and touch same with tongue.

2. With right foot directly over left kidney, flex right ear until perfectly limp, at the same time lift arms to a diving position and say ah.

3. Place back of right hand under chin, fingers toward front. Standing on both feet, toes turned in, place left hand in small of back and with muscular action alone wave fingers of right hand in a rhythmical fashion as the face takes on a haunted look.

4. In semi-squatting position balance on left foot, placing right foot in mouth, as index finger of right hand is placed in center of top of head.

5. With head between knees place tongue in left cheek, raise left eyebrow and squint right eye, flex knees a little and with a spring from the arches, head remaining in the same place, raise feet into air. Hold this position for a minute or two and then call for help.

In the next installment Madam Skinen Bones will publish a set of exercises especially composed for those unfortunates afflicted with that strange malady, "inflated cranium."

Dr. Kelly: "I say, Jerry, what's a cosmopolitan?"

Jerry: "Suppose there was a Russian Jew living in England with an Italian wife, smoking Egyptian cigarettes, near a French window in a room with a Turkish carpet on the floor. If this man drank American ice cream sodas while listening to a German band, after a supper of Dutch cheese made up as a Welsh rarebit, then you might be safe in saying that he was a cosmopolitan."

"It's the truth that I speak,"

Says Prater Greene,

"A girl on the lap
is worth two on the screen."

You're right, Wag., the daughters of
the garbage men are not to be sniffed at.

Dizzie Izzie rocked the boat;

Dizzie Lizzie couldn't float.

Pres. Lamkin: "Oh, dear! I'm so
sorry your car is in the ditch. It was all
my fault."

Tourist: "Not at all, not at all. I
saw you coming two miles up the high-
way and could have easily turned into a
side road."

"Doc" Yates says, that Monday and Tuesday are so close to Wednesday, that he has to rest Thursday and Friday to be ready to sleep Saturday and Sunday.

Mr. Cauffield: "What and where is the golden gate?"

Madolyn Jackson: "The golden gate is the gate of heaven where all good children go after they are exported into the great beyond."

Bill Francisco thinks that the Ad. building is in the math. department.

W. T. Garrett: "What is a worm?"

J. Stephenson: "A worm is a guy or a room-mate that "cuts your throat."

In the parlor there were three, She, the parlor lamp, and he—Two's company, there is no doubt—So the parlor lamp went out.

An honest confession is good for the soul, but not for the reputation.

Sue Brown

Willie Heal told Dr. Painter in English class, that he could not sit down because his 'conjunction' was still bothering him from last Frat meeting.

Water Tower—A place where the grass is green, the nights abound with gentle breezes, the moon is still bright, but refuses to reveal what its smiling countenance beholds.

Mary Meadows

"Now," said Dr. Alexander, "pass in all of your papers to the end of the row; have a carbon under each one, then I can correct them all at once."

Doc Wilson thinks that a sock on the foot is worth two in the eye!

He: Wanna ride?

She: Going north?

He: Sure.

She: Give my regards to the Eskimos.

WHEN SOME BIG PRUNE

The sun of a nut,
Marries a lemon,
And the Pear
Have a Peach for a daughter,
With Cherry lips,
How in the devil
Can you believe in heredity?

Coverdell: I'm raising a moustache.
What color do you think it will be?

Creighton: Gray, at the rate it's growing now.

The student that cooks up alibis generally finds that they seem half-baked to the professors.

FACULTY QUESTIONNAIRE

Fools can ask questions that wise persons cannot answer. Perhaps that is why many students fail on some examinations. We feel that the following simple questions are as sane as some asked on some exams we have to take, so we feel that we have a right to ask the professors to answer them:

These questions must be answered carefully, truthfully, and humorously.

1. Are you married, single, or otherwise?
2. Do you reside in this city? If so, why don't you move?
3. What "pull" (or bull) did you employ to get a position in this institution?
4. Do you expect to hold your position, and if so do you believe that it will affect the future enrollment of the college?
5. How do you rate with the students?
6. Do you have fallen arches or athlete's foot?
7. Have you at any time had garments on your back? If so, how did you get rid of same?
8. Did your ancestors hang by their tails or by a rope?
9. If you should be elected dean would you invite students to your home for dinner at least three times a week?

NOTE: The last two questions are valued at one hundred each and they simply **must** be answered!

Our Last Utterance

The final page of the Tower has been sent to press. Our tired hands drop nervously from the glue brush and paper cutter. This littered office no longer echoes with the clatter of long-droning typewriters. No longer are we haunted with time limits and discount dates——The 1937 Tower is done.

Producing the Tower has not been without its glorifying incidents. Campus leaders, "snapshot fiends", and others who longed for places of honor in this publication, approached us with an aspiring look in March, only to give us frigid glances at the end of May. Students, whose identifications were misspelled or whose pictures were left out, have made serious accusations, but we have managed to remain alive and intact——We mean, as intact as anyone who produces an annual, can be. We have done our utmost to prevent errors, so please remember that our mistakes were not intentional in any sense of the word. Some people are born crazy, others are temporarily insane, and others just edit a yearbook.

You now hold the product of one year's efforts and persisting endeavors of one of the most "true blue" staffs with which any editor has had the pleasure of associating. Few people can realize the hours of labor that are utilized in presenting even one page of this book. We wish to extend our most sincere thanks to our staff; Justin O. King; Mr. Harvey Tripp of the Burger-Baird Engraving Company; Mr. Joe Cockrill of the Midland Printing Company; and Mr. Roy Ferguson, our Faculty Guide. In fact we wish to thank everyone that has helped us in any way, and, last but not least—we thank the Lord that it is finished.

The 1937 Tower is done.

—"Weeds" and "Tommie".
